On-site product verification report

Decorative wall panels — prepared for a client in the United States

Engagement	**On-site verification, single visit**	Supplier	**A decorative panel manufacturer · name withheld**
Location	**Foshan, Guangdong, China**	Factory name	**Withheld at the supplier's request**
Client	**An importer in the United States**	Date of visit	**21 September 2026**
Time on site	**Approx. 30 minutes**	Product	**Decorative wall panels**
Verified on site	**Yes**		

1 · WHAT WE WERE ASKED TO DO

The client had the panels made to their own specification and asked us to attend the factory before shipment to confirm what was there: the finished panels, their dimensions, the lit effect, and how the order had been packed. The client did not ask us to judge whether the panels were good, and we did not.

2 · WHAT WE ESTABLISHED ON SITE

ITEM	FINDING
Address visited	An operating manufacturing premises. Photographed on arrival.
Nature of operation	A production site with its own showroom, carrying decorative wall products of the type ordered.
Business licence	Checked on site. The registered name and address are withheld from this redacted copy.
The finished panels	**Present on site and photographed assembled as a wall.**
Lit effect	**The installation was photographed lit, so the client could see the delivered effect rather than a catalogue image.**
Dimensions	**Panel dimensions recorded and photographed against the client's specification.**
Showroom comparison	The factory showroom photographed at two angles, for comparison against what was made for this order.
Packing	**The consignment photographed packed for shipment.**
Quantity	Checked against the order and recorded. The figure is withheld from this redacted copy.

3 · EVIDENCE DELIVERED TO THE CLIENT

- Original full-resolution photographs taken on site — the assembled wall, the showroom at two angles, the panels lit, and the recorded dimensions
- Video recorded on site showing the lit installation
- Photographs of the packed consignment
- This written report

4 · SCOPE OF THIS REPORT

This report is information only. It records what we observed on the date of the visit and what we were shown. It is not a valuation, a warranty or an approval.

We did not inspect, test or certify product quality, specification or conformity. We do not grade goods and we do not issue pass or fail. We do not comment on price or commercial terms, and we accept no commission, referral fee or other payment on this engagement from any factory. The commercial decision remains the client's own.
